

My Mobile Watchdog

- *This software only works on Blackberry and Windows Mobile Smartphone's with a data plan.*
- *\$9.95 per month subscription / \$120 per year*
- *Not stealth. Your child will know it is on the phone.*
- *In a nutshell, monitors text messages and allows parental notification if somebody outside of the "safe;list" calls or texts to your child. Does **not** monitor website traffic.*
- *1-888-377-8200 www.mymobilewatchdog.com . Has phone tech support. Local Newport company.*

- Mobile Spy is compatible with 100's of phones
BlackBerry, Android, Windows Mobile, Symbian OS, and Apple iPhone.
- Stealth. Your child will NOT know it is on the phone.
- 1 license will work on up to 3 phones.
- 1 year plan comes with free computer monitoring software.
- Zero phone tech support. Email and online support only.
That is not so great. Consider getting help if your not tech savvy.

12 Months \$99.97

6 Months \$69.97

3 Months \$49.97

→ Calls Log
Each incoming and outgoing number is logged along with duration and time stamp.
→ SMS (Text Messages) Log
Every text message is logged even if the phone's logs are deleted. Includes full text.
→ GPS Locations Log
The device's current location is frequently logged using GPS when signal available.
→ Web Site URLs Log
Each address visited in browser is logged. This feature is currently for iPhones only.
→ Log Summary
A summary of all activities can be shown along with separate viewers for each type.
